Registration	Mail alexander.scheible@bsvwurfscheiben.de Mobile +49 172 7972610

Prediction-Mode

Prior to competition, each competitor will announce his estimated result in Manton and Lorenzoni. Score will be the deviation in percent of the forecast and the real result. *Example: Forecast 40, result 42 => Difference = 2 (2/40*100 = 5,00 %)* Winner is the competitor with the smallest difference. If there are multiple winners, money will be split evenly.

Running-Hare-Mode

Each competitor has 5 shots on the Running Hare using Manton or Lorenzoni. Scores: Head 3, Middle Part 2 and Tail 1 point (total points 6). All points will be summed up. If two or more shooters share the final score, money will be split evenly.

Other Restrictions

Every participant has to be insured personally and is responsible for his /her shots.
